SOUTH RENFREW REPUDIATES DUPLICITY OF CONSERVATIVES

Election Shows Their Opinion of Dishonorable Tactics by Electing George P. Graham with a Majority of More than Three Hundred Over Dr. Maloney—Desperate but Unsuccessful Fight Put Up by Borden Cabinet to Secure Defeat of the Former Minister of Railways.

RENFREW, Ont., Feb. 22.—South Renfrew has redeemed itself. The electors have shown that they repudiate the breach of honor of a section of the Conservative party, acting under the leadership of cabinet ministers at Ottawa.

The triumphant return of George P. Graham, late minister of railways, over his opponent, Dr. Maloney, by a majority of over three hundred is the answer that the electors have given to Hon. George P. Graham and the other leaders of the Conservative party, who have endeavored the constituency in an endeavor to defeat the ruthless breaking of a solemn agreement.

The defeat is a heavy blow to the Borden government. There was no necessity for a contest. The local Liberals and Conservatives had signed an agreement to allow Graham's unopposed election in return for the acclamation of the Conservative candidate in the Ontario House. The Liberals fulfilled their part of the agreement and looked to the Conservatives to do the same.

After the issuing of the election writ was held off as long as possible on various pretexts, the date for the contest was set. In the meantime Dr. Reid and other members of the Ottawa Cabinet had been getting in their work. Overriding the agreement and the fact that the Liberals had fulfilled their part of the obligation a candidate was selected as the representative of the Borden interests.

It is conceded that Borden and his followers expected a victory otherwise they would not have forced the battle. But they took no chances. The entire riding was flooded with speakers, and it is said that over a hundred thousand dollars was poured into the constituency in order to keep Mr. Graham out of the seat. Every inducement was offered to secure the election of Dr. Maloney, and it is said that even had he been elected there would have been no trouble to unseat him on the ground of corrupt practices.

But Renfrew was true to itself and has shown to Canada that it places principle above party. Hon. Mr. Graham has secured a majority large as to remove all doubt of the opinions of the electors. He will go to Ottawa as one of the right hand men of Sir Wilfrid Laurier, and will be a tower of strength in the Opposition in the House.

The vote was smaller than at the general election owing to a bad snowstorm. Many of the roads are blocked as the result of the blizzard and there are still five polls to hear from, which will undoubtedly increase the majority of Mr. Graham.

Full Returns Late in Coming.
Renfrew, Ont., Feb. 22.—Complete returns for the South Renfrew election are not yet in. The returns are expected to come in from the various polling places in the riding. It is estimated that the total vote for Mr. Graham will be over 300, and for Dr. Maloney about 100. The result is a decisive victory for Mr. Graham.

South Renfrew's honor is saved. The electors of the riding have chosen Hon. George P. Graham, and in so doing have repudiated the Conservative party. The result is a decisive victory for Mr. Graham, and a heavy blow to the Borden government. The electors have shown that they are not to be deceived by the tactics of the Conservative party.

The Borden government has lost its only chance of securing a majority in the House of Commons. The result of the South Renfrew election is a decisive victory for Mr. Graham, and a heavy blow to the Borden government. The electors have shown that they are not to be deceived by the tactics of the Conservative party.

WHAT THE VICTORS SAY
Sir Wilfrid Laurier.—"It was a splendid victory. I am very happy."
George P. Graham.—"I am grateful to the people of South Renfrew for the confidence they have shown in the Liberal Party. It was a victory of which we are all proud."

FRIDAY, FEBRUARY 23, 1912.

Calgary is to have a food show. Shows of that kind ought to be well attended. Most people would travel some distance these days to see a modern egg, or a pound of butter that did not bid defiance.

The Sifton railway policy provides for the building within the next four years of 100 miles more railway than the total mileage now under operation in Alberta last year. The railways operated in the Province last year had a total length of 1494 miles. The lines provided for by bond guarantees at the recent session have a total length of 1813 miles.

The Lord High Executioner has been getting in his work on the necks of the employees of the Department of the Interior at Edmonton. In his capacity of official headman Mr. Rogers has been vantage over the luckless individual immortalized by Gilbert and Sullivan. There are victims aplenty, and Mr. Rogers has no objection to the work of killing the "chippie, chippie, chippie" on the big black block.

The Winnipeg Telegram undertakes to defend Hon. W. T. White from the allegation that he is the cabinet representative of the combines and mergers. It submits that Mr. White turned against his party on the reciprocity question; that he gave up a highly lucrative position to undertake the less profitable one of Minister of Finance; that he has made some speeches in defence of himself in Parliament; and that he showed temper when accused of being the representative of the "interests." The Telegram was trying to establish that Mr. White for the sake of personal interests or class interest broke with his party and joined its enemies and made himself known as a man who had done this would be expected to act, it would get the verdict on the argument submitted.

This new elevator commission will be given power to suspend the car distribution clauses of the Grain act. Under these clauses, cars for grain are distributed among those who have applied for cars in order of precedence. This arrangement was made law at the demand of the farmers, who claimed that the railways allowed the elevator owners to grab all the cars that came along in the busy season, thus preventing a farmer from shipping grain himself, and forcing him to rely on the elevator. His inclusion was fought by the elevator interests very strenuously, and there have been repeated efforts on their part to have the arrangement altered in favor of themselves. Hitherto the efforts have failed. They have now won to the extent of having the elevator commission empowered to set aside the clauses in question and give cars to the elevators regardless of how many farmers may have made prior application. As the Government owes its existence largely to the grain dealers, and as the change in the law is made at their demand, it is to be expected that the commission will be allowed rather to use the power than to withhold it, and that the farmers will get decidedly the worst of the deal in the future distribution of cars. If that were not the prospect the elevator people would have demanded a more openly favorable amendment—and would have got it.

MR. AIKENS GETTING NERVOUS.

Mr. J. A. M. Aikens, M.P. for Brandon, has been pleading with the Canadian club of Toronto to start more manufacturing concerns and thus create a larger home market for western wheat and other products of the western farms. It is only six months since Mr. Aikens and his friends were telling the western farmer that the home market already existing was the finest market the western farmer could have, in defiance of the daily grain magazines of Winnipeg and Minneapolis. As the result of their propaganda the western farmer has had the exclusive privilege of the home market for the past three months instead of both the home market and the United States market. Out of his experience has come the change of front of Mr. Aikens. The evening weeks have shown that so far as the western farmer is concerned "the home market" is an illusive entity, which really means no market at all. That fact the farmer has not been backward in making known. That those who wronged him are being driven to take the blame of the farmer's protest is something, but the remedy Mr. Aikens is trying to apply promises little enough in the way of improvement. The members of the Toronto Canadian club are not in the manufacturing business for the purpose of providing a home market for anybody, and are not going to start new industries just for the sake of paying wages to employees that there in turn may buy the wheat and other products of the western farms. The manufacturer may be also a philanthropist, but he keeps his philanthropy and his business separate. He will start new industries only when and where he thinks the economic conditions promise a profitable return on his investment, and if the farmer is not satisfied with the growth of the home market as an incident to the manufacturer's plans to make money then he will have to be satisfied. Having taken up with the policy of preventing the western farmer seeking a foreign market for his surplus products, Mr. Aikens will have to be satisfied to avert the injury thus done the farmer and to escape the responsibility resting upon themselves by the simple expedient of asking their manufacturing friends to start a few more factories and to create a fictitious home market at their own expense. If these gentlemen wish to undo the injury they have done to the farmer, they way open to them: to turn about and accept the offer of free admission for Canadian grain to the United States markets. The manufacturer in whose behalf they sacrificed the rights and interests of the western farmer is not going to help them out of the corner by throwing away money in unprofitable enterprises just to make good their silly talk about the immensity and value of the home market. Mr. Aikens may plead until he is black in the face for all the relief it will bring to either the farmer or himself. Having played traitor to the farmers, Mr. Aikens need not expect to either repair the catastrophe or to escape responsibility by now pleading with his masters to show benevolence toward those whom he helped deliver into their hands. The manufacturers will not start industries from a charitable desire to provide a market for the farmer's products; nor will the farmer forget the part Mr. J. A. M. Aikens played in his undoing.

THE FINANCIAL AND COMMERCIAL MARKETS

Winnipeg Grain Market.

Winnipeg, Feb. 22.—There was very light trading on the wheat market in options and prices remained unchanged. Later with higher cables from Liverpool there was another advance of 1-4 of May (new) which was not maintained. The closing figures were unchanged for May and May (new) and 1-4 for July.

American markets are closed, consequently the volume of business was considerably reduced. Cuts and flax were held steady around the closing figures of Wednesday. There was a fairly good cash wheat demand and some business was done in Nos. 1, 2 and 4 grades for the export trade.

Receipts are continuing very heavy, 849 cars being in sight for inspection. American markets were closed today, it being the anniversary of Washington's birthday. The Winnipeg price are as follows:

died from the effects although taken
to St. Charles hospital, where every-

thought was table salt in the glass.
This, however, proved to be arsenic
salt, and immediately after drinking
the water Lusselle became unconscious
and was never rallied. He leaves

BRITISH CABINET IS TRYING TO ARRANGE COAL SETTLEMENT

Premier Asquith and Cabinet
Ministers Held Conference
With Disputants Today.

**STRIKEBREAKER ASKWITH
IS WORKING FOR PEACE**

Wales is Chief Difficulty; Neither
Men Nor Masters Will
Budge.

London, Feb. 22.—The Government
today opened negotiations for peace in
the British coal dispute which threaten
to paralyze British trade. Eight
hundred thousand miners carry out
their intention of going on strike on
February 23.

Premier Asquith, supported by Min-
ister Charles James, president of the
board of trade, David Lloyd George,
chairman of the cabinet, Sir Ed-
ward Grey, secretary of state for
foreign affairs, and Sir George Asquith,
comptroller-general of commercial and
labor department of board of trade,
today held a two-hour conference this
morning with representatives of the
miners and subsequently met a large
delegation of coal mine owners. The
aim of the cabinet appears to be to
arrange a joint conference of dispu-
tants, which shall be presided over by
"strike breaker" Sir George Asquith,
and should this be agreed upon it
seems probable strike notices will be
suspended so that negotiations may
proceed in a less acrid atmosphere.
The greatest difficulty that confronts
the mediators is the attitude of both
employers and workers in the South
Wales district, neither so far having
shown any disposition to budge. It
may be necessary, no far as possible,
to eliminate South Wales, and endeavor
to arrange a settlement in the
other coal areas, leaving the irrescon-
cilables to act on their own battle.

London, Feb. 22.—The expected
coal strike on March 1st is the principal
topic of conversation tonight.

Something in the nature of a sensation
was sprung tonight by A. Clement
Edwards, labor editor of the London
Sun. He claims to have made a dis-
covery, which seems to show that the
miners and owners are both wrong in
their present contention. Mr. Ed-
wards, who is a barrister, says there is
a clause in the agreement of 1910 bet-
ween the mine owners and the min-
ers, which the latter will violate if
they go on strike for a minimum rate
of wages. He claims that this agree-
ment distinctly guarantees a mini-
mum wage under abnormal condi-
tions. If the owners refuse to live
up to their part of it they too will
violate the agreement. Mr. Ed-
wards claims to have obtained con-
firmation of the interpretation of the
1910 agreement from three of the
British lawyers, and other com-
petent lawyers credit the state-
ment that the point raised will have
an important bearing on the present
quarrel, and it may even make it
impossible for the miners to back
out again on the question of a strike.

Mr. Edwards suggests that, as the
owners evaded the principle of the
minimum wage in the 1910 agree-
ment, they might extend it now and
prevent a strike. They could do
this on condition that the miners fore-
go claims for arrears to which they are
entitled. The latter might agree to
this, because of their failure to ob-
serve their part of the agreement. As
the day set for the strike approaches,
the conditions throughout the country
are growing worse. The price of
coal has gone up to 18 s. 6d., and the
poorer people, who can buy only in
small quantities, are paying a great
deal more than this.

Admiralty Orders American Coal.
London, Feb. 22.—A resolution has
been passed in Welsh coal trade
circles by the statement that the British
Admiralty has arranged for sup-
plies of American coal to be delivered
at Gibraltar or Vigo. At the steamers
Cory and Tonsil have been
dispatched to London in the last few
days to load about 17,000 tons of coal
at Norfolk, Va., or Newport News,
Va., in March. It is believed that
the order will take place, if it is
understood that the Admiralty
wishes to reserve what Welsh coal is
available.

Mrs. Horan D. Hume returned from
London, where she has been for the
past week, Mrs. Hume will spend
a few days in the city before return-
ing to her home in Vancouver.

**TORY MONEY HAS BEEN
POURED INTO RIDING.**

London, Feb. 22.—Hon.
Geo. F. Graham, on the eve of
a better election campaign in
South Kenton, "in spite of
all the money against them,
perhaps unequalled in the
history of any riding in the
country," the Liberals of South
Kenton are confident of vic-
tory. The Conservatives have
men employed from every
part of the Dominion and a
few well-to-do residents are not
in Canada. Nevertheless, the
Conservative who signed the
agreement and their friends
are remaining steadfast, not-
withstanding all the pressure
that has been brought to bear
upon them.

Geo. Harcourt, of Renfrew,
one of the Conservatives who
signed the agreement, is put-
ting up any amount from ten
thousand to five thousand that
Mr. Graham will be elected.
Another man has posted
bills of eight thousand in
hundreds of a thousand each,
one that Graham will have
a 250 majority and others that
he will have over 100.

MINISTERS WILL RUSH WEST AFTER SESSION

Pelletier, Cochrane, Vint, and Jansen
All Plan Tours of West in the
Spring—Western Problems to Be
Feature of Deliberations of House
of Commons.

Bulletin Special.
Ottawa, Feb. 22.—There will be an
exodus of ministers westward as soon
as the session is over in the spring.
Western questions proved to be mon-
opolizing the attention of the House
this session and promise to be all-
dominating during the next few years.

For this season the new ministers
are to study western problems at first
hand. The one next to go will be
Hon. Mr. Pelletier, postmaster-gen-
eral. One of the Conservative com-
plaints against the old government was
its failure to cope with the postal
difficulties of Western Canada. Mr.
Pelletier wants to see the field and
study the problem for himself.
Hon. Frank Cochrane, planning
an extensive western tour this sum-
mer, Mr. Cochrane is impressed with
the necessity of solving the Hudson
Bay Railway problem, to be completed
and will visit Le Pas, It is probable
that Hon. W. T. White will, with
the West with Mr. Cochrane. Mr. White
has for the past twelve years made an
annual trip through the West, so that
he is already well posted.

Hon. J. B. Harkin, minister of
marine and fisheries, is also planning
a western tour. He is planning to go
through the coast. He is prepar-
ing to attend to build several vessels
to prevent possible, and which, during
the past few years, has
been a source of trouble to the
department. It is also intention of the ministers
to have the session closed at Em-
bor, and unless the Mainland will pre-
sents an extended delay there should
be no difficulty in getting at that time
the budget will be brought down the
first week in March. There will be
no tariff amendments.

WEBB'S BUILDING PROGRAM
A Million Dollars Will Be Expended
This Year.

Webb, Sask., Feb. 22.—At the
next regular meeting of the school
board plans for a new collegiate in-
stitute will be submitted by Archibald
Jarvis, of Webb. It appeared to
the board, tenders will be called and
the construction work begun without
delay. The building is to cost \$75,000.
The board of trade at its regular
meeting on Friday will consider mea-
sures for securing the necessary labor
for the large amount of building to be
carried on this year. Construction
work already in sight will involve an
expenditure of millions of dollars, and
unless arrangements can be made to
bring in skilled and unskilled labor
there is the danger of a shortage.
The program for municipal improvements
will be much shorter and will call for
a large amount of labor, bricklayers,
carpenters and cement workers with
helpers will be in great demand.

Treasurer of King's Household.
London, Feb. 22.—Capt. Hon. Pro-
cureur Edward Gues, has been appoint-
ed treasurer of the King's household,
replacing W. Dudley Ward, who has
held that position since 1910. Mr.
Ward retained in order to better at-
tend to his duties as Liberal whip. The
Hon. Frederick Edward Gues, late
captain of the First Life Guards, is the
third son of John William Gues, who
married Miss Amy Phillips, daughter
of Henry Phillips, of Pittsburgh, Pa.,
in 1902. At one time Mr. Gues was
private secretary to Winston Spence
Churchill.

Canadian Men Honored.
London, Feb. 22.—Dr. William Mc-
Gill, has been appointed fellow of the
University of London. The following
Canadian have been elected fellows of
the Royal Colonial Institute: J. J.
Bainfield, Robert Cole, A. C. Hard-
y, A. J. Hunt, Hon. C. E. Kemp, B.
W. F. Cook, G. M. Richards, G. W. T.
Stout and Geoffrey Young.

English Artist Dying.
London, Feb. 22.—Sir Hubert von
Herkenrode, artist, is said today to be
approaching to be a critical condition.
He recently underwent an operation.

NEWS OF THE DISTRICT

WETASKIWIN.

Nominations will be held at the city hall on Monday forenoon next to fill the vacancies on the council board caused by the resignations of Ald. Chandler and Wagner.

R. C. Talbot, real estate agent of Edmonton, was in the city on Tuesday on business, and renewing acquaintances.

John M. Groves, of Castor, spent the weekend at his home, just north of the city.

Among those in attendance at the Grand Lodge of the Independent Order of Odd Fellows of Leithbridge this week are Messrs. R. C. Chandler, H. E. Carter and J. H. Hodgson from the local lodge.

The W. C. T. U. will hold a Frances Willard memorial meeting at the home of Mrs. Knight, on Wednesday evening, Feb. 21st, at which an invitation is extended to all ladies of the city to attend.

Invitations are issued for the annual all day of Wetaskiwin Lodge No. 4, I. O. O. F., to be held on the evening of Feb. 21st, in their hall.

The C. P. R. is erecting a large ice house, a couple of blocks south of the freight shed. The building will hold about 350 tons of ice, and is being rushed to completion, as no

to be filled before the new harvest is over. We understand that the station is also to be enlarged by the addition of twenty-five feet on the east side by the extension company, to enable them to handle the ever increasing transfer business at this point. Wetaskiwin is daily becoming a more important railway centre.

Archie Stoddart, of the Standard Fruit Co., left last week for California on a business and pleasure trip. He will be absent about three weeks.

Mr. and Mrs. C. J. Macdonald, of the Ponoka Marble Works, was in the city this week on business.

LEIDIC.

The box social held under the auspices of St. Benedict's R. C. church, in Telford's hall last Friday night, was a big success. W. M. Chalmers was chairman and G. M. Tobin acted as harpist. The proceeds of which amounted to \$127, one hundred as high as \$12.

The program was contributed by Edmonton and local talent.

The Alberta Mercantile Co. has been sold to Jonathan Held, of Edmonton, who takes possession immediately.

The Leiland hotel has been sold to

J. C. Nielsen to Philip and Jacob Schram, of Sidney, P.I., who take possession of the same.

Dr. Rush has sold his drug business to Mr. J. H. Wilson, of Regina. The doctor expects to return to resume medical practice after a few months' sojourn in Ontario.

Monday will be Dr. J. A. Macdonald's last day as pastor of St. Paul's English church, he having resigned the charge to accept a mission in Southern Alberta.

The wedding of Miss Mary Kump and Wm. Jaaman, of Idaho, took place at the home of the bride's parents on Thursday. The young couple will leave for Idaho this week.

Mr. T. Hull recently bought nine head of pure bred Arabian horses and cows from A. H. Trimble, of Tied Deer.

Mr. A. M. Ledingham, of Strathcona, formerly with the Alberta Mercantile Co. Lodge, expects a few days here this week.

Dr. and Mrs. Sutherland and young son, Harry, left last week for Panama, where they intend spending a year, at least.

Council Lewis is attending the British Isles reunion in Edmonton. At the meeting of the board of trade Monday night, the following standing committees were appointed: New Industries—Messrs. Giesse, St. Louis, Norris, Telford, Ridd, Phillips—Messrs. Martin, Knapp, Carleton, and Telford.

Messrs. Telford, Blades, Stiles, Agricultural—Messrs. Wilks, Hargis, Johnston. Good Roads—Messrs. Norris, Southwick, Carroll. Town Improvements—Messrs. Ridd, Lowry, Joslin. Station—Messrs. Winter, Plater, Pyren. Lectures—Messrs. Simons, Anderson, Logan. Reception—President, vice president and secretary.

Horses are bringing big prices in this district at the present time. E. J. Southwick and J. E. Johnson each sold a car recently. They were bought from near Calgary and the vicinity of Carleton.

Mrs. Telford and Miss McCallister of Edmonton, were guests of Dr. and Mrs. Telford on Tuesday.

A most enjoyable dance was given in Telford's hall Tuesday night by the bachelors. Lorch's orchestra, of Edmonton, supplied the music.

An effort is being made to have a rural free delivery route from Leiland to Culmar and Conjouring creek and back to Leiland.

HAILKIRK.

A largely attended meeting of Hailkirk citizens held in Higgins hall Tuesday evening, Messrs. Bruce, Laing, W. J. Cannon, H. E. Hagins and A. Derr, were nominated as candidates for the first council of the village of Hailkirk. During the time of nomination, Returning Officer A. Bickworth called on several present for views on village government. Each of the candidates, in a brief speech, stated to the first meeting and who intended to stand for if elected. Elections are to be held the evening of 10th February. Till that time there will be a warm campaign for the honor of membership in Hailkirk's first municipal council.

For the past month Hailkirk has enjoyed perfect Alberta weather. Large quantities of produce are coming in daily. Several threshers who were laid up on account of severe weather are on the go again. Harvesting crews are moving their big gasoline outfits to the farm of Cable Bros. some miles west. In this vicinity they expect some weeks work in good wheat, all started.

John Oppenard is at work just north of Leiland at the farm of W. O. O'Brien and is threshing his first crop in Alberta and is well pleased with the results.

A very enjoyable evening was spent on the night of Michael & Minnie's new hardware store. Messrs. Lee, Brown and Charlie Waters of the Hailkirk colony entertained their numerous friends to a informal dance. Much of the best quality was supplied by Messrs. Clinton and Schweitzer, Hailkirk and A. E. Harris, Conjouring.

A lunch put up by the Hailkirk hotel was served at midnight.

K. L. Hollingsworth, of Hailkirk is again at work with a large staff of men and teamsters hauling the output of the Hailkirk mine to the track here for shipment to various points in Alberta.

The coal is of the best quality and gets a ready sale wherever introduced. When the various mines get running full capacity will be met.

The hardware firm, Michael and Minnie, late of Conjouring, propose opening their new store about March 1st. They are putting in a first class stock of staple goods and are prepared to give everyone a square deal.

A few farmers of Notre Dame de la Poudre are summing the difficulty of the car shortage. They have formed the Battle River Storage Company and have built a storage granary here with a capacity of over eight thousand bushels.

Several local hockey teams and journeyed to Hailkirk on the tenth to see the Hailkirk district is for cars. That the Hailkirk district is something of a war district may be seen from the fact that the Alberta Elevator Co.'s miller stated that his company has handled more grain through the Hailkirk house than through Calgary or Castor.

Mr. Bellamy, of the Traders' Bank here, who has been laid up with a cold, is able to be around again. Several local hockey teams and journeyed to Hailkirk on the tenth to see the Hailkirk district is for cars.

Two cars of ice were received here recently from Castor, one from Mackinac's hotel and one for Laing and his local butchers.

Rev. J. E. Bell preached last Sunday at Leiland, Gadsby and Hailkirk, returning Monday noon. In his absence, Hailkirk appointments were handled by Robert Handley.

Messrs. Taylor and Horn of Hailkirk Livery and Exchange Stables, sold one of their big drag teams the other day for a fancy price. They say to handle only the best.

Messrs. Taylor and Taylor of Hailkirk Meat Market, have installed a new Olds motor engine in their shop.

Frank H. Smith, mining engineer of the first mine and Smith's mine, was in Hailkirk on Wednesday paying a professional visit to Hailkirk Collieries works. He speaks exceedingly well of the enterprise of this firm and states that the coal they now have in sight is the best anywhere.

VICTORIA AND

THAT GREAT PLAYERS NEEDED.

...Boston, Feb. 22—The players and great managers are what make ball clubs, says Jimmy McKeever, new president of the Boston Red Sox.

There never was a great baseball club that didn't have a lot of great players," says the new magnate. "Jack Dwyer, Sam Rice, Fred Luderus, a great manager, but he had no players. Baker, Coombs and a number of others. Jennings has Cobb and Crawford and Hush—and you see that is

Cobb is the game-if player in the history of the game—the perfect ball player. Other men have been great leaders, great hitters, great base runners. Sometimes a great fielder has been a great batter, as well, or a great runner, has been a great batter. But Cobb is all of those things. He can do everything as well as anybody else did any thing in the history of
